"you can kiss me anytime you want"

Vivian Giolelli's silver charm is a classic heart with the sentence "we are one" that can be split, perfect for long distance relationships, to remind the loved one that even when separated, "we are one".

Nelson Glotelli moves in another direction: the knot of love on natural stones for the 925 silver ring, well represented, ça va sans dire, by a marine knot. Classic, but classy.

It's Valentine also for your pets, so the golden-plated "I support animals" on the necklace by **Palladino Design Jewelry** is a lovely thought, especially as it helps support associations that fight for our furry friends.

Last but not least, also dedicated to pet families, the **Latitude9** necklace shines with a macro-heart embellished with the paw of a dog.
